NOTES.—1. Ration allowed to children was one half of that allowed to adults.

2. Quantities shown against (i) Rice, (ii) Wheat, and (iii) others indicate only the maximum quantity allowed in the respective areas for that particular grain, while "Total" indicates overall scale of Ration.

3. There was no statutory rationing in Mithya Pradesh on 31st December, 1949 but a system of quasi-rationing i.e., provisioning scheme was functioning in 16 towns. Even this system of provisioning was not existing on 31st December, 1948.

4. A temporary reduction in the over all quantum of the cereals ration to 9 oz. per adult per day in all States was announced by the Government of India on the 19th January 1951. On the 12th June 1951, however, the State Governments were authorised to raise, at the earliest date convenient, the 9 oz. ration to the limit of 12 oz. per adult per day consistently with the stocks immediately in their possession.
